

# The Southeastern Librarian

## About the Journal

*The Southeastern Librarian (SELn)* is the official publication of the Southeastern Library Association (SELA). The quarterly open access publication seeks to publish articles, announcements, and news of professional interest to the library community in the southeast. The publication also represents a significant means for addressing the Association's research objective.

The quarterly issues contain peer reviewed articles, book reviews, as well as SELA, state, and library personnel news. The journal continuously accepts submissions for publication consideration. Those who submit do not have to be members of the Southeastern Library Association.

## Journal Acceptance Rate

The *SELn* has an acceptance rate of 57%.

## Distribution

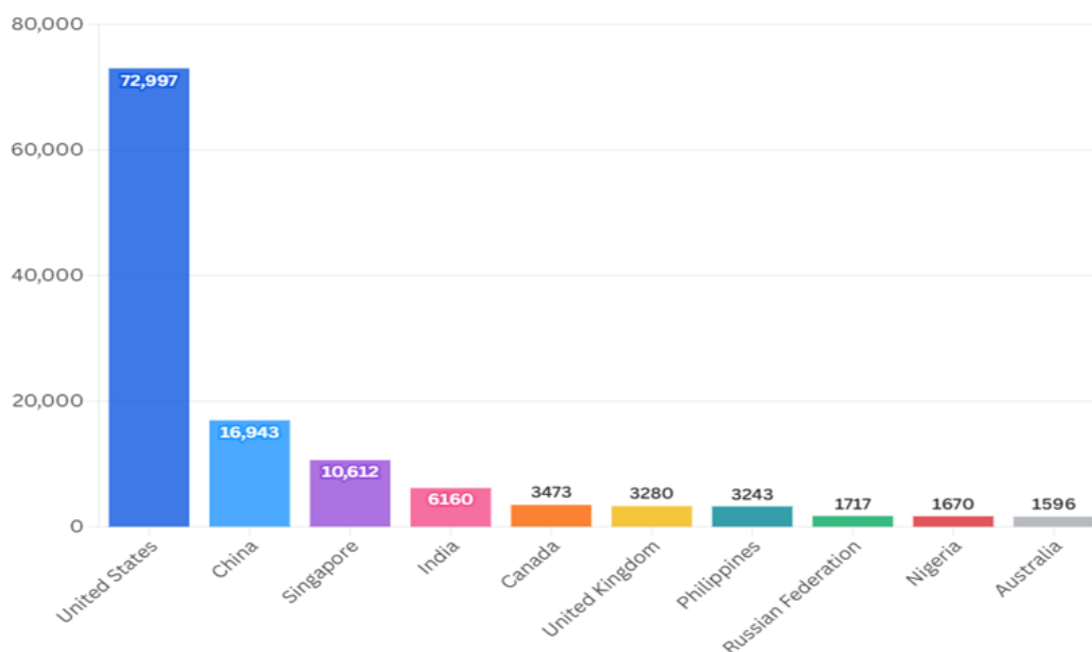

Since 2012, the *SELn* has had over 185,000 full-text downloads. A milestone was achieved in 2024 when the *SELn* reached the highest number of downloads of any previous year with over 31,700 full-text downloads.

### By Country

The *SELn* is an open access publication with a global readership distribution. *SELn* content is viewed by readers across approx. 196 different countries. The U.S. has the highest readership followed by China, Singapore, India, Canada, the United Kingdom, the Philippines, the Russian Federation, Nigeria, and Australia.
